

Company Profile

Biotech Laboratories is a NATA accredited biological testing laboratory offering a wide range of microbiological analyses of food, water, air, surfaces and environmental samples for the detection of pathogenic, spoilage and indicator organisms. Biotech Laboratories has been providing services to the food, water and environmental industries since 1990.

The laboratory uses a variety of Australian and international standard methods and where applicable, methods can be developed to meet specific requirements for clients.

Biotech Laboratories is a wholly owned subsidiary of Sullivan & Nicolaidis Pathology/Sonic Healthcare. The laboratory is located in Bowen Hills Brisbane and operates between the hours of 7am-9pm Monday-Friday, 9am-5pm on Saturdays, and Sundays as required.

Biotech Laboratories issues easy to read reports, and provides result interpretation where a known standard or guideline exists. We can also issue interpretative reports based on internal guidelines as defined by the client. We offer free transportation of samples and supplies via the Sullivan Nicolaidis Pathology (SNP) Collection Centres and courier network. For details regarding all SNP Collection Centres, see the SNP website www.snp.com.au, or <http://snp.com.au/locations/collection-centres.aspx>, by downloading the free the SNP App (available from the App Store) or contact Biotech Laboratories directly.

Biotech Laboratories scientific staff have over 70 years combined experience in microbiology. We are proud of the fact our laboratory staff have an extraordinarily robust average duration of service. This ensures that your samples are processed and evaluated by an experienced and competent workforce.

Our aim is to provide the most comprehensive service in the field of food, water, air and environmental microbial analyses. We have the ability to provide clients with free journals/books/internet articles and a computer catalogue search facility.

Details of our services and further information regarding our company are available from our website at www.biotechlab.com.au
